Taiwan Education Center/ Program (TEC / TEP) in India

Taiwan Education Centre (TEC) in India, which has been established by National Tsing Hua University, Taiwan, with the backing of the Ministry of Education and Ministry of Foreign Affairs of Taiwan. The Centers offer Mandarin language courses and imparts beginner, intermediate and advanced level Mandarin lessons to Indian students. The Mandarin courses do not only offer language knowledge, but also provide an in-depth understanding of Chinese culture and history. We wish these two nations can improve the understanding to each other through the language, which is one of fundamental ways to communication.
